

Group Leader's Evaluation

As you respond to the following questions, take into consideration the broader context of the past year, and not just the past month.

1. What are some significant ways in which those in your group have been **spiritually impacted** through your small group this past year?
2. If you could change anything about **the small group ministry in general**, what would it be?
3. If you could change anything about **your small group specifically**, what would it be?
4. **How well-equipped** do you feel to lead and minister to your small group? What type of support, training or resources would be most helpful?
